

Mission

Pine Gate Renewables has a nationwide presence, but our core mission is to make meaningful local and regional impacts. The Pine Gate Community Impact Fund, our philanthropic and community giving program, began as an employee-led initiative in response to Hurricane Helene to support the impacted communities where we live and work. By investing in projects and initiatives that benefit our neighbors, we aim to create a better future for everyone. We also believe in empowering our employees to make a positive impact by contributing their time, skills, and resources to causes important to them.

Pine Gate Renewables is pleased to launch the Community Impact Fund to support our neighbors in three primary ways:

Financial

In-Kind Donations

Volunteerism

- Pine Gate Renewables, together with its subsidiaries Blue Ridge Power and ACT Power Services, announced the establishment of a new philanthropic and community giving program, the *Pine Gate Renewables Community Impact Fund*.
- Before the end of 2024, the Fund will donate \$250,000 to eligible nonprofits working in communities within the Hurricane Helene FEMA Major Disaster Declaration areas.
- Additionally, Pine Gate Renewables has pledged to match every dollar donated to the *Pine Gate Renewables Community Impact Fund* in 2024, doubling the impact of each dollar donated by corporate and private partners.
- Eligible organizations are invited to apply for grants and sponsorships to support projects that provide measurable positive impacts to the local community. **For more information and to apply visit www.PineGateGiving.org.**
